

# SELENIA WR FORWARD Cod. 1388

## DESCRIPTION

Selenia WR Forward is the new fully synthetic especially formulated for diesel engines already compliant with new Euro 6 standards.

Its particular viscosity grade permits to increase the fuel economy characteristics and consequently the reduction of CO2 produced.

## CHARACTERISTICS

The new diesel engines are able to combine excellent performance, low fuel consumption, handling and meet the new European emission level.

- | Selenia Wr Forward maximizes fuel economy
- | Very high thermal stability
- | Total engine protection
- | It ensures compliance with anti pollution regulations

## ADVICE ON USE

As per OEM owner manual

## RECOMMENDED BY

Fiat Lancia Alfa Romeo

## TECHNICAL DATA

SAE 0W-30, ACEA C2,  
FIAT 9.55535-DS1 CONTRACTUAL TECHNICAL REFERENCE N°F842.F13,  
MS.90047
