

URANIA NEXT 0W-20 Cod. 1355

ОПИСАНИЕ

Fully synthetic lubricant developed with IVECO and FPT for IVECO Stralis fitted with Euro VI Cursor engines. Extreme Fuel Economy and Low SAPS formulation.

It exceeds FPT STANDARD FPI9 LUBR001 CATEGORY TLV LS, IVECO 18-1804 CLASSE TLV LS, CONTRACTUAL TECHNICAL REF. N° I139.D14

ХАРАКТЕРИСТИКИ

Urania NEXT has been developed in co-engineering with IVECO to offer high performance and ultimate protection of the engine. Its particular formulation, obtained as a result of thousands of hours of laboratory, bench and road tests, gives the product extraordinary features:

- | EXTREME FUEL ECONOMY: up to 4% compared to standard lubricants;
- | high protection of the particulate filter, thanks to the specific Low SAPS formulation;
- | up to 40% longer life of the DPF;
- | its particular resistance to oxidation allows better performance of the variable geometry turbine, under harsh operating conditions;
- | improves cleanliness and protection of the lubricated engine up to the maximum oil drain intervals specified by IVECO, also in harsh missions;
- | easy starting and protection in all climatic conditions.

РЕКОМЕНДАЦИИ ПО ИСПОЛЬЗОВАНИЮ

URANIA NEXT is the firstfill engine oil for the IVECO Stralis fitted with Euro VI Cursor engines, IVECO recommends its use to keep performances over time.
